PRODUCT INFORMATION LEAFLET FOR

Heaven Juice e-liquid (0, 18, 24 and 36 mg/ml Nicotine Solution)

This leaflet contains important information about the above product. Please read it carefully before you start taking Heaven Juice e-liquid. Please keep this leaflet in a safe place for future reference.

What is Heaven Juice e-liquid?

Heaven Juice e-liquid is a clear, colourless solution containing USP-Nicotine at 0, 18, 24 or 36 milligrams per millilitre, depending on the strength chosen. The bottle will clearly identify the Nicotine strength of the e-liquid on the label. Your e-liquid also contains Glycerin USP, Propylene glycol USP, and Purified Water (by Reverse Osmosis). Nicotine belongs to a group of chemicals called alkaloids. It is a very toxic, highly addictive poison which is lethal in acute doses above 60mg for an adult; and at significantly lower levels for children. Nicotine is the primary chemical in cigarettes which keeps people addicted to them.

What is this product for?

This product is an alternative way of taking Nicotine for those who no longer wish to continue smoking cigarettes. Liquids containing Nicotine (for the purpose of inhaling them as a vapour) are vaporised, not combusted, which means that many of the carcinogens associated with cigarette smoking are not present when using this type of product. Heaven Juice e-liquid is strictly limited for use in Personal Vaporisers (e-cigarettes and other similarly-named devices) only. Heaven Juice e-liquid is *not* classified or marketed as a medicine, as it is not used to prevent, cure, or treat any pre-existing medical condition. Heaven Juice e-liquid is *not* a smoking cessation product; nor is it intended for use as a Nicotine replacement therapy.

Who makes this product?

Please refer to the bottom of the page

Pack Sizes:

Available pack sizes are 50 and 100ml liquids, in strengths of 0, 18, 24 and 36mg/ml of L-Nicotine

Before you consider using Heaven Juice e-liquid:

You should not use Heaven Juice: If you are pregnant, or are likely to become pregnant, You are a non-smoker, You are under 18 years of age, If you have any medical condition which includes, but is not limited to, heart disease, diabetes, high blood pressure, emphysema, or asthma

Check with your Doctor or Pharmacist before using this product if:

- You are pregnant, or are likely to become pregnant, You are diabetic, You taking a smoking cessation product or Nicotine replacement therapy, You suffer with a severe pulmonary disorder, such as asthma, emphysema, or bronchitis, etc.
- You are allergic to Nicotine, or any other ingredients used in this product, You are on medication that may interact with Nicotine or any other ingredients used in this product, You are generally concerned about your suitability to use this product
- You suffer with any pre-existing medical condition which may make you an unsuitable user of this product

Using this product:

This product should only be used in conjunction with a Personal Vaporiser, electronic cigarette, e-cig, or other similarly named device which vaporises the solution to provide a "smoke-like" mist. This product is **not** intended to be ingested orally and it should not come into direct contact with the skin.

Heaven Juice e-liquid can be used as it is, or with additional flavour added, depending on user preference. It is advised that no more than 5% flavour is added to this solution, as the effects on health have not yet been evaluated.

To use this product in a Personal Vaporiser, apply 2-3 drops of the e-liquid with a pipette, or dropper bottle, directly onto the atomiser or a dry cartridge. Replace the mouthpiece and cartridge; then use the device as per the manufacturers' instructions.

Possible Side Effects:

Nicotine may sometimes cause the following side effects:

- Nausea, Lethargy, Severe allergic reactions (rash; hives; difficulty breathing; tightness in the chest; swelling of the mouth, face, lips, or tongue)
- Abnormal sensations, Chest pain, Depression, Fever, Irregular or fast heartbeat
- Pounding in the chest, Severe dizziness or headache, Shortness of breath

Revision date November 2009

If you experience any of these side effects whilst taking Heaven Juice e-liquid, or if symptoms persist, please seek medical advice from your Doctor, Physician, Pharmacist, or other suitably qualified Healthcare Professional.

WARNING

e-liquids may be lethal, if ingested; with a highly increased risk of fatality present should they be accidentally swallowed by children. In the event of accidental ingestion, seek medical advice IMMEDIATELY and show the Doctor or Physician this leaflet and the bottle from which the product was consumed. Nicotine can KILL!

Storing Heaven Juice e-liquid:

- Please keep all Nicotine-containing products safely locked away in a child-proof cabinet (or other secured area) when not in use, and keep them out of the sight and reach of children, the infirm, and animals, at **ALL** times.
- After using the product, replace the safety cap and ensure it is secure
- Do not store above 25°C or expose to strong sources of heat or light
- Do not use after the expiry date shown on the bottle

Other Warnings:

Avoid skin contact with e-liquids wherever possible. If the product comes into direct contact with the skin, wash immediately with copious amounts of soap and running water. If symptoms of irritation persist, or you feel unwell, please seek medical advice.

If the product comes into contact with the eyes, rinse immediately with copious amounts of running water and seek medical advice immediately.

Please do not dispose of e-liquids in the domestic refuse, domestic drainage, or water courses. Contact your local waste disposal authority for advice when disposing of nicotine containing e-liquids.
